📍 West Bengal, Kolkata

Objective

Aspiring Full Stack Python Developer with hands-on experience in building scalable web applications using Django, React, and REST APIs. Skilled in developing end-to-end web solutions with strong backend and frontend integration. Experienced in working in Agile teams, developing authentication systems, API integrations, and integrating AI solutions.

Education

B.Tech in Computer Science and Engineering

- College of Engineering and Management, Kolaghat | CGPA: 7.82 | 2021 – 2025

Higher Secondary (WBCHSE)

- Hat-Sarberia Dr. Bidhan Chandra Roy Smriti Sikshaniketan (H.S.) | Percentage: 82% | 2021

Technical Skills

- Python, Django, React.js, REST APIs, API Integration
- HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, Responsive Web Design
- SQL, PostgreSQL, MySQL, RDBMS, Database Design
- Git, GitHub, VS Code, Jupyter Notebook, Google Colab, JSON
- Power BI, Excel, DAX

Projects

Car Rental Management System | Python, Django, MySQL, Bootstrap

- Developed a Django-based car rental web application with authentication, booking workflow, availability checking, and responsive Bootstrap interface, allowing users to browse vehicles and manage reservations.

Full-Stack-Fashion-Webstore | Django, React, REST-APIs, Tailwind-CSS

- Built a full-stack fashion webstore using Django, React, and REST APIs with Tailwind CSS, implementing authentication, product management, and cart features with efficient frontend-backend integration and responsive UI.

Experience

Team Lead • (Academic Role)

Implemented a fully working real-time object detection and weight prediction app using Python, ML, and Flask. Designed the backend and took responsibility for reviewing code and documentation as the team lead. Guided team members on their tasks, time management, and code optimizations.

Certificates

- Programming with Python 3.X by simplilearn.com
- Basic Analytical Knowledge by simplilearn.com

Achievements

Rank top 10 in college fundamental coding competition.

Optimized college final year project and reduce 5 seconds of runtime.

Participating in Robotics.

Solving 50 plus leetcode coding questions.

Languages

English, Hindi, Bengali
